

I support Title 2 oversight of ISPs and oppose the repeal of net neutrality rules. It is unfathomable that the FCC is considering the removal of protections that ensure a free internet for all. Corruption and greed motivate Ajit Pai's efforts to rob the American people of their right to uncensored and uncontrolled access to the internet. What the FCC is considering makes me ashamed to call myself an American and I will work tirelessly to remove all elected officials connected with this abuse of power. Please do not vote to repeal net neutrality rules.
